MARKET FLUNCTUATED. nvestment Stocks Rose Three to Five

Points in Early Dealings, But Later

New York, April 19.—Investment stocks rose 5 to 3 points in the first four hours of today's record breaking session, but lost a considerable part of their gains in the final hour when United States Steel fell back four points on an administory thade statement issued by its chief executive.

Steel had led the early advance, not in actual gain as in its activity and its leadership was accepted as furth-er proof of the inherent strength of the speculative situation. On its de-cline in the late trading it carried other seasoned shares down two to four points, obliterating some gains entirely and reducing others to nomin-al proportions. Steel closed at 57 3-4, a maximum decline of four points and a net loss of two. The general list made some recovery from the low levels touched in the final bour, but

the market's tone at the end was ir-regular and confusing. Erstwhile war specialties, with a few exceptions were relegated to po-sitions of secondary importance throughout the session, New York Air Brake and several other equipment issues yielding much of last week's gains. Not all the specialties were sent to the rear, however, as was seen the further phenomenal rise in Mexi-can Petroleum with a sympathetic advance in Texas Company. American Woolen also gained five points on ru-mors of additional war orders. Among mors of additional war orders. Among
the better known shares the coppers

any others, the strength being accompanied by another rise in the refined
metal. Rock Island was almost the
only rallway stock to hold back
throughout, losing 3 1-4 points.
